Re: Renaissance Zone in Lakota

The City of Lakota has made application to the State of North Dakota Division of Community Services for the establishment of a Renaissance Zone. I have enclosed a complete copy of our application that explains the zone, project requirements and limitations. This does affect the city's authority for property tax exemptions on approved projects. The application is supported by local citizens and businesses as well as the city council and the economic development committee as a necessary tool for the development of our community. We would appreciate your consideration for a letter of support for our application.

Sincerely,

CITY OF LAKOTA

To Whom It May Concern:

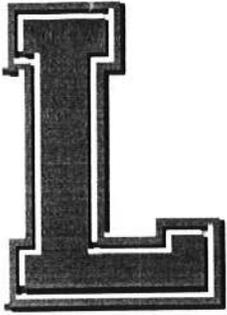

This letter is in support of the City of Lakota's application for the establishment of a Renaissance Zone in Lakota, ND. The promotion of orderly development is a worthy objective for all residents in Nelson County. It is also important to follow sound environmental planning principles.

The support of local citizens and businesses is necessary for this project. The establishment of a Renaissance Zone in Lakota is supported by the Nelson County Commission.

Sincerely,

Odell Flaagan, Chairman
Nelson County Commission

To Whom It May Concern:

Last night at the September 8th School Board meeting, the Lakota School Board voted unanimously to support the efforts of the City of Lakota to establish a Renaissance Zone here in Lakota. The school board believes it to be a positive idea to help our town and the development of our community.

To be successful in a small community, we all have to work together for the common good and the Board felt this was a positive step in this direction. The School Board appreciated the information packet and the follow up in explaining this material.

If I can be of any other service concerning this matter, please do not hesitate to call.

Sincerely yours,

Joe V. Harder
Supt/HS Principal
