

LAKOTA MUNICIPAL LIGHT PLANT

ELECTRIC RATES

EFFECTIVE FOR JUNE 1, 2018 STATEMENTS

RESIDENTIAL CLASS

Available to all residential customers in private single family dwellings or individually metered apartments, town homes, or mobile homes for all single-phase domestic use. Individual single-phase motors shall not exceed 5 hp or 5 kW in size.

Rate Schedule:

Customer Charge.....	\$16.00 per month
Energy Charge June-August.....	\$0.0840
Sept-May 0-1,200kWh.....	\$0.0840
Over 1,200kWh.....	\$0.0730

Character of Service: Residential customers shall receive single-phase alternating current at 60 hertz through one meter at the utility’s standard voltage.

When two or more apartments, flats, or dwelling units are served by one meter, the kWh of each individual unit shall be considered a customer.

Where a portion of a residential dwelling is used for commercial purposes, the rate shall apply provided:

1. The service is taken through one meter.
2. The residential load exceeds the commercial load.
3. The connected commercial load does not exceed 3 kW.

In all other cases, the residential and commercial service will be separately metered billed under the applicable rates, or billed as commercial.

Terms of Payment: All bills rendered are net, due and payable on receipt. They are delinquent if not paid by the last day of the month for which the bill is rendered. A late payment penalty of 1.75% of the total bill shall be charged. Unpaid delinquent accounts are subject to disconnection with proper notice. Reconnection may be head upon payment of all amounts due plus a non-recoverable \$100.00 fee.

COMMERCIAL SINGLE-PHASE CLASS

Available to any non-residential single-phase customer whose consumption through any one meter has not exceeded 50 kW per month in two out of the previous twelve months. Rating of single-phase motors and other single-phase power units shall not exceed 10 hp. Shall include multi-dwelling housing units that have a master meter.

Rate Schedule:

Customer Charge.....\$28.00 per month

Energy Charge.....\$0.0885 per kWh

Character of Service: Commercial single-phase customers shall receive single-phase alternating current at 60 hertz through one meter at the utility's standard voltage.

Terms of Payment: All bills rendered are net, due and payable on receipt. They are delinquent if not paid by the last day of the month for which the bill is rendered. A late payment penalty of 1.75% of the total bill shall be charged. Unpaid delinquent accounts are subject to disconnection with proper notice. Reconnection may be head upon payment of all amounts due plus a non-recoverable \$100.00 fee.

COMMERCIAL THREE-PHASE CLASS

Available to any non-residential three-phase customer whose consumption through any one meter has not exceeded 50kW per in two out of the previous twelve months. Rating on single-phase motors and other single-phase power units shall not exceed 10 hp.

Rate Schedule:

Customer Charge.....\$37.00

Energy Charge.....\$0.0885

Character of Service: Commercial three-phase customers shall receive three-phase alternating current at 60 hertz through one meter at the utility's standard voltage.

Terms of Payment: All bills rendered are net, due and payable on receipt. They are delinquent if not paid by the last day of the month for which the bill is rendered. A late payment penalty of 1.75% of the total bill shall be charged. Unpaid delinquent accounts are subject to disconnection with proper notice. Reconnection may be head upon payment of all amounts due plus a non-recoverable \$100.00 fee.

COMMERCIAL ELECTRIC SPACE HEATING

Available to any qualified single- or three-phase commercial customer who utilizes electric space heating as their only heating source. The energy used for electric space heating will be separately metered and billed on the customer's regular single- or three-phase commercial bill.

Rate Schedule:

Customer Charge.....	\$6.00
Energy Charge.....	\$0.0700

LARGE COMMERCIAL CLASS

Available to any non-residential single- or three-phase customer whose consumption through any one meter has exceeded 50 kW per month in two out of the previous twelve months. Customer shall remain on this rate for a minimum of twelve months.

Rate Schedule:

Customer Charge.....	\$54.00
Energy Charge.....	\$.0410
Demand Charge.....	\$12.20 per kW per month

Character of Service: Service shall be three-phase at the standard secondary voltages in use by the electrical department.

Terms of Payment: All bills rendered are net, due and payable on receipt. They are delinquent if not paid by the last day of the month for which the bill is rendered. A late payment penalty of 1.75% of the total bill shall be charged. Unpaid delinquent accounts are subject to disconnection with proper notice. Reconnection may be had upon payment of all amounts due plus a non-recoverable \$100.00 fee.
